

I.....on behalf of/or as the **victim child**....., hereby proudly acknowledge my dissent and wish to record my inclusion in the:

INTERNATIONAL BOYCOTT OF FAMILY COURTS

I WILL ONLY LIFT MY BOYCOTT WHEN:

1. The ‘sole parent physical custody’ model has been abolished and **BOTH** responsible biological parents are *legally* recognized as *equal primary care* parents.
2. Each parent is awarded a *legal equal parenting right*, to share a meaningful, near equal percentage of *physical primary care parenting time*, following separation.
3. Withholding of contact by *either* parent invokes a criminal charge of *Kidnapping*.
4. Violence and abuse allegations are only dealt with in the criminal justice system, providing due process of law and harsh penalties for perjury. Accompanied by immediate court ordered protection of responsible parent/child relationships.

I do so as a member of half of the above child’s family, specifically the non-custodial parent, the now adult victim child, grandparents, uncles, aunts, cousins, nephews and nieces, who have been/or are about to be removed from above child or parent, due to the evil and immoral failure of the State sponsored ‘secret’ International Family Law Industry, to ensure our children remain connected to **BOTH** responsible parents, following the separation of their parents. **THIS IS EVERY CHILD’S FUNDAMENTAL HUMAN RIGHT!!**

I do so in protest of this International scandal of gigantic proportions, which is in contravention of all the worlds’ Human Rights Conventions. We the people, demand equality and social justice for all. Denying its citizens their fundamental human rights, are the policies of a morally failed State and is universally regarded as unacceptable.

I do so as a member of the above child’s family/or now adult victim child, who have been/or are about to be denied our natural human right and duty, to responsibly protect and share the love and care of our biological children or a parent, in the culture that defines us as human beings.

I make this statement in order to provide a strong condemnation of the ‘secret’ International Family Law Industry and its mercenaries, who are engaged in the despicable process of systematically tearing apart the fabric of our society and destroying the structure of the social order in which we live.

I call on the International community to denounce those Western Democracies who have failed to uphold their International Human Rights obligations to protect the parent/child relationships of its citizens and for choosing to ignore the well- documented horrific ramifications of these failures.

I condemn all those Legislators, Judges, Lawyers, Psychologists, Agencies, Institutions, Health Professionals, Bureaucrats, Academics and **PARENTS**, who are/or have been actively engaged in/or have played a part in the evil practice of forcibly removing our children from their biological families.
